### Masonic Charities

While Freemasonry IS NOT a charity, the principles that it inculcates drive a Mason to be charitable. Craft Freemasonry is impactful at the local level while appendant and concordant bodies have larger, even global, scopes.

Indiana Freemasons, through the Craft Lodges, provide fraternal relief to members in distress, contribute to the Indiana Masonic Home and Foundation to help provide care to our retired brothers and their widows, and support higher education activities through funding of the Indiana [Grand Lodge Scholarship Program](#). Watch the videos below to learn more about the charitable work made possible through the passions and dedication of Freemasons.
